Publish a new Nanopublication

Assertion: Declare citations with CiTO

Such a nanopublication expresses citation relations of a given article based on the CiTO relation types.

DOI (https://doi.org/10...) or other URL of the citing article	is a	scholarly paper
DOI (https://doi.org/10...) or other URL of the citing article	<div>select the citation type</div>	DOI (https://doi.org/10...) or other URL of the cited article

Provenance: Attributed to myself

The assertion above is attributed to me (Egon Willighagen)

Publication info: add element...

Creator

This nanopublication is created by me (Egon Willighagen)

With license

This nanopublication is published under the license Attribution 4.0 International (CC BY 4.0)

☐ I understand that publishing cannot be fully undone and that the provided information will be publicly visible and openly connected to my ORCID identifier (but nanopublications can be retracted, which makes them invisible in most situations).
